IDENTITY &  
USER MANAGEMENT

# The Problem: User Authentication for Modern Apps

## Roll Your Own & Open Solutions

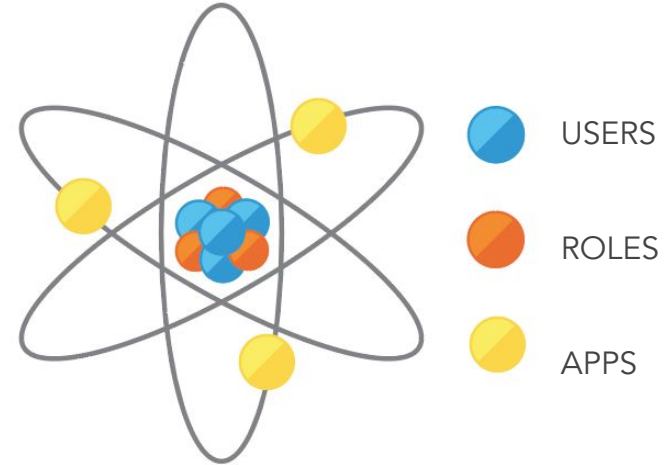

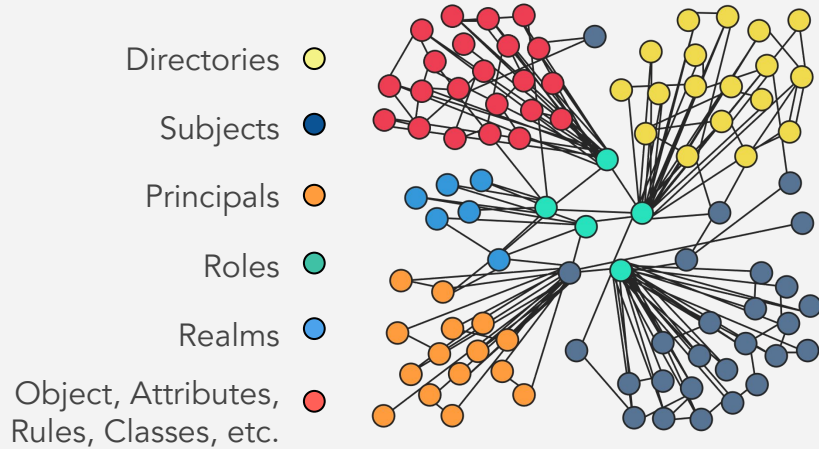

## Mass-Market Solutions

None of this earns you revenue.

# A solution for modern apps

## Legacy/LDAP

All the features you should expect:

- Registration
- Login
- SSO
- MFA
- Email Localization
- Flexible Password Control
- OAuth & API key Management
- OpenID Connect
- Unrestricted Users & Groups

Always Single-Tenant to secure and control your user data.

On-Prem or Private Cloud  
Any box, anywhere.

Complete User Management

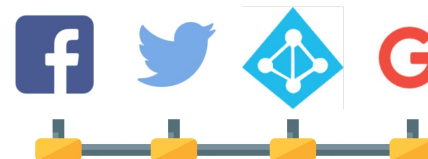

Multi-app capabilities with zero-overhead.

Multi-platform Deployment  
Pick your platform, we're there.

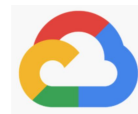

Easy Third-party authentication  
that supports Active-Directory, social,  
and much more.

# Built for Developers

Run on any platform, any framework.

Installs in minutes.

```
sh -c "curl -fsSL https://raw.githubusercontent.com/FusionAuth/fusionauth-install/master/install.sh | sh -s - -z"
```

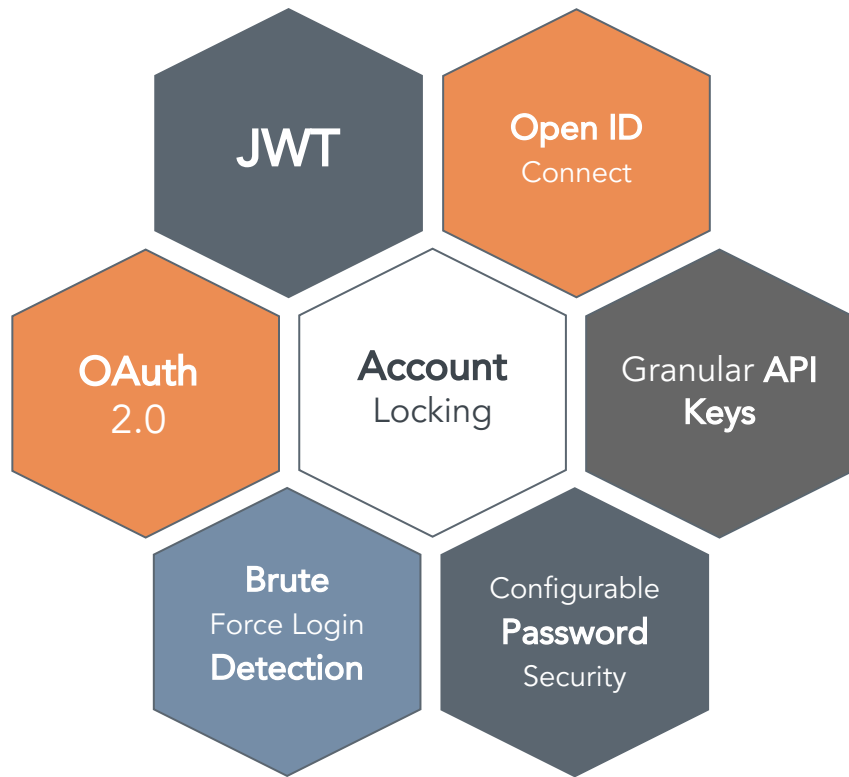

## Detailed Documentation.

<https://fusionauth.io/docs>

# Enterprise-Grade Security

Reduced security risks  
by orders of magnitude.

- Single-tenant
- On-prem or private cloud
- Modern security protocols and standards
- Regular security audits
- Data regulation compliance
- Built-in audit logging

# Stability & Scalability

FusionAuth scales to 150 million users and more and reduces latency compared to old-tech solutions. Risk of large outages is dramatically reduced.

99.95% uptime  
or better

Tested to 150M users

DataStax saw a 59%  
reduction in latency

# Powerful User Management & Segmentation

The image displays three overlapping screenshots of the FusionAuth user management interface, demonstrating its capabilities for user management and segmentation.

**Left Screenshot: Users List**

- Header:** FusionAuth logo, user profile (Erlich Bachman), search bar (Search on email, name or role), Help, and Logout.
- Navigation:** Dashboard, Users, Settings, Reports, System.
- Content:** Search bar, Results per page (25), Login link, and a list of users with profile pictures and email addresses.

**Middle Screenshot: Manage User (Aaron Goodwin)**

- Header:** FusionAuth logo, user profile (Erlich Bachman), search bar (Search on email, name or role), Help, and Logout.
- Navigation:** Dashboard, Users, Settings, Reports, System.
- Content:** User profile for Aaron Goodwin, including a profile picture, email (aaron1376@example.com), User Id (4cb72ebd-f4e2-4249-be66-da8d5e9b9753), Mobile Phone, Birthdate (9/5/1992 (26)), Username (Aaron1376), Preferred languages (English, French), Created (10/24/2018 12:09 PM MDT), and Last login.
- Registrations Table:**

Application	Username	Roles	Created
Cool Game	Aaron1376	USER	10/24/2018 12:09 PM MDT

- Footer:** © FusionAuth 2018, FusionAuth™ version 1.0.16.

**Right Screenshot: Manage User (Aaron Goodwin)**

- Header:** FusionAuth logo, user profile (Erlich Bachman), search bar (Search on email, name or role), Help, and Logout.
- Navigation:** Dashboard, Users, Settings, Reports, System.
- Content:** User profile for Aaron Goodwin, including a profile picture, email (aaron1376@example.com), User Id (4cb72ebd-f4e2-4249-be66-da8d5e9b9753), Mobile Phone, Birthdate (9/5/1992 (26)), Username (Aaron1376), Preferred languages (English, French), Created (10/24/2018 12:09 PM MDT), and Last login.
